Faith Christian School is honored to collaborate with the Anniston Police Department in their efforts to continue to be the best public safety department in the State of Alabama. We have made our school available to the APD for regular training.

On July 14, the Special Response Team spent several hours training in our facility. This not only provides them with an opportunity to train, but provides them with familiarity of our campus. In addition, officers of the APD regularly walk through campus to ensure that your children are in a safe environment.

A second training session was scheduled on July 21 to provide an opportunity for new trainees to study campus and determine different strategies for dealing with an on-campus emergency.

We salute the officers of the APD and express our deep appreciation for their dedication to serve the citizens of Anniston.

Koppelman Represents Faith at Boys State

Andrew Koppelman was honored to be chosen to participate as a delegate at the Seventy-Ninth American Legion Alabama Boys State at the University of Alabama. He was involved in the Courts/Judicial Program. After passing the Boys State Bar Exam, he participated in mock trials using the laws of the State of Alabama.

Boys State is a leadership program for young men who have completed their junior year of high school and are leaders in their schools and communities. Boys State provides participants with a working knowledge of how governments function on the city, county, and state levels. Students are honored with a selection to this program by their faculty members and community leaders based on their demonstration of leadership, hard work, strong morals, and motivation. We would like to thank Andrew for representing our school.
